## Experiencing the old salt farming. A restored salt pan/boiler shop

A channeled salt terrace, which was developed during the early Edo period and existed up to half century or so ago, has been restored. You can make salt in the traditional way using valuable salt pans and a boiler shop with a thatched roof.

Fee: ¥1500 for groups of 5 or more. ¥200 for each extra person. Prior reservation is required. The workshop may be canceled according to the weather. Contact: Utazu Industrial Material Pavilion tel 0877-49-0860

## Playground/Grass field

The playground is equipped with play equipment for kids aged 3 to 12. Featuring 16 unique and colorful separate play pieces installed by nursery teachers. Roofed rest spots and restrooms with a potty seat and a baby mattress are also provided.

## Asacred spot for lovers

A love certificate  
It has become an increasingly popular dating spot with the beautiful sunset. The streets around here are beautifully lit at night.
